環境宣言

大量生産・大量消費で代表される旧来型の経済成長追求から、人口増加と生活質の向上を支えるために、有限の地球をいたわりつつ成長を維持す ることを人類の目的とする世界的合意を受けて、日本においても環境基本法の下に地球環境の保全と循環型社会構築のための各種施策が実行され つつある。本目的達成には政府・自治体および産業界の強力な連携のみならず地域住民一人一人の参加意識が要求される。その中にあって、世界 を視野に入れた実践的、創造的技術者教育を目指す高知高専においても、地域と共生し地球環境保全を実行する学校として、環境に配慮した実験・ 研究や地球環境教育、循環型社会構築への積極的取り組みならびに地域との協働による環境支援が求められている。

そこで、高知高専の教職員および学生は、地球および地域環境に配慮した教育研究を進めると共に、教育研究を通じて地域ならびに世界の環境保 全推進に貢献することを宣言する。

Environmental Declarations

Environmental Declarations
A global consensus has been reached for sustainable growth and efficient use of limited natural resources to maintain balance between population growth and quality of life, instead of conventional way of aiming for inconsiderate economic growth such as mass-production and mass-consumption. In response to the agreement, various measures based on the Basic Environment Act are enforced in Japan to promote environmental conservation and building of recycling-oriented society. To achieve those purposes, in addition to the strong cooperation between the national and regional governments and industries, it is necessary for each of the citizens to have a feeling of involvement. Under the circumstances, as an institution to co-exist in the regional community and practice global environment conservation behavior, NIT (KOSEN), Kochi College, which aims to foster practical and creative engineers with global perspectives, is required to commit proactively on eco-friendly experiments and researches, global environmental education, realization of recycling-oriented society, and provision of environmental assistance through the regional collaboration. From this point of view, teaching and administrative staff and students of NIT (KOSEN). Nochi College declare to promote education and research in considerate manner to the global and regional environment, and to contribute to promotion global and regional environmental conservation through our education and research.
